◆ true. I am deeply shocked by ◆
◆ the news of the attack."

(By Associated Press.)
PARIS, Feb. 20.—It is officially announced that one bullet penetrated Clemenceau's lungs. *

announced recently that Bolsheviks in Switzerland were plotting against the premier, two of whom crossed the frontier to consummate the plan.

He didn't awake until 5 o'clock when he had no fever. His first remark to an attendant was: "I am a lary man, for the first time in twenty years. I am so late in getting up." The enforced inaction is weighing heavily. The doctors find him a difficult patient as he is unwilling to obey orders and insisted on receiving visitors all day yesterday. The premier is impatient to resume his place at the head of the peace conference, and keeps repeating: "If nothing,

(By Associated Press)
PARIS, Feb. 20.—The Echo de Paris quotes Clemenceau's clerk as saying, "The premier is certainly seriously hurt, but his condition is as satisfactory as possible." Examination of the automobile in which he was riding shows severe shattering bullet marks. Emile Cottine, who attempted the assassination, was taken to Sainte prison last night. The father and mother of Cottine are simple working people. Neighbors describe Emile as a great reader of novels and books of anatomy and sociology. His father vainly tried to combat his anarchical ideas, and Emile rebuffed him as being old-fashioned. Emile had been under treatment for an affection of the heart and a disease of the liver.

COPENHAGEN, Feb. 20. Soviet-
rune activities in bombarding Rotterdam
Westerburg, according to a Monitor
dispatch, are being cut to a minimum
the Rotterdam authorities today Mon-
day.

(By Associated Press)
WASHINGTON, Feb. 26.—Major General Traub, who commanded the 4th division of Missourians and Kansans in the battle of Argonne, denied the charges of Governor Allen of Kansas that members of the division were sacrificed by the failure of artillery. "We went against crack boche divisions, but we advanced twelve and one-half kilometers."

twenty years and followed a careful rule of living. This has made him extraordinary vigorous, while, as a stimulant toward his recovery, he has knowledge of the heartfelt sympathy and good wishes of his own and every civilized country.

WASHINGTON, Feb. 20.—The Emperor and seven other German steamships have been allotted the United States by Germany for transporting troops.

simple working people. Neighbors learned Emilio as a great reader of novels and books of astronomy and sociology. His father finally tried to combat his unorthodox views, and Emilio ridiculed him as being old-fashioned. Emilio had been under treatment for an affection of the heart and a disease of the liver.

STRIKE SPREADS IN RUHR DISTRICT

**PEACE CONGRESS ELECTS
GAGE FOR CHAIRMAN**

(By Associated Press)

SAN FRANCISCO—Eugene Lyman Gage was named chairman of the resolutions committee of the Pacific Coast League of Nations Congress. The members of the League are: Bayle of Nevada and Charles Brown of Toronto.

General Traub said the division's casualties after six days and nights of fighting was 500 killed and 450 wounded. "The Germans had everything conceivable in the art of defense," he declared. Report of lack of equipment were unfounded. He told a dramatic story of the battle when he described how the Germans wasted 300 shells in a vain effort to hit him when moving along the front lines. He said: "What the American public ought to be doing is signing poems to the American soldiers who brought the boche power to dust. There is no question but the American soldiers did it. It was wonderful work."

GERMANY QUALIFIES PROTEST TO FOCH

RESERVOIR SITES FOR FLOOD WATERS

CARDINAL GIBBONS
GOLDEN JUBILEE

By Associated Press.
WASHINGTON, Feb. 29 (United Press).—General George S. Stewart, commanding Americans in northern Russia, called the war department today. "Alarming reports of the condition of troops in northern Russia are uncorroborated by facts," he said. The health of the entire command is excellent and the sick and wounded well cared for, and that the "allied command is capable of taking care of itself against a whole Bolshevik army."

General Pershing advised the department that health conditions were of the best in France and that the general camp condition and method of handling troops in Brest "deserve high praise." Witnesses before the congressional committees published reports recently describing conditions as terrible.

BERGER DENIED A NEW TRIAL BY JUDGE LANDIS

By Associated Press)
PARIS, Feb. 29.—An official note says communication and declarations made to the press by the German government or Matthias Erzberger, chairman of the German armistice delegation, contain "flagrant inaccuracies that require immediate correction." The note says the first phrase in the text of Scheideemann's protest communicated to the press said "The German government is conscious of the grave consequences acceptance of the convention must entail," while the first phrase of the text handed General Foch by Erzberger reads "The German government, conscious of the grave consequences either of acceptance or refusal of the convention must entail."

(By Associated Press):
SACRAMENTO, Feb. 26.—State engineers begin next week their selection of seven transverse sites of streams between Sacramento and Redding for flood water to be used in development of hydroelectric power for the irrigation of approximately million acres.

(Associated Press).
WASHINGTON, Feb. 26.—Clergy and laity of the Roman Catholic church gathered today to pay homage to Cardinal Gibbons at his celebration of his golden Episcopal jubilee. Archbishop Cerretti, who came from Rome to bring the pontifical blessing, represented the holy pontiff. Dignitaries of the church said the celebration was the most notable gathering of Roman Catholic hierarchy in North America for more than thirty years. Thanksgiving that the "blessed sun of peace has dawned" and praise for the work of the papacy in attempting to mitigate the horrors of war formed the theme of the reply of the cardinal to addresses of congratulations.

DIVIDE CROSS CUT WATCHED CLOSELY

READY TO REBUILD MAYFLOWER MILL

CHICAGO, Feb. 29.—Federal Judge Landis refused a new trial today to Victor Berger, congressman-elect from Milwaukee, and four other Socialist leaders convicted for violation of the espionage act.

Congressman-elect Berger and four other Socialists were sentenced to 20 years each for violating the espionage act.

WIRELESS FROM PRESIDENT
(By Associated Press)
BOSTON, Feb. 20.—A wireless to-
day said the president would reach
Boston Monday.

At a distance of 40½ feet from the main southeast drift the southwest crosscut, driven southeast of the new vein, entered non-commercial ore. For a distance of 40½ feet this drift was continued through ore averaging \$39 per ton, and it has been discontinued until a crosscut can be driven in the opposite direction at the same point in the main drift and through the footwall of the vein. A raise from the intersection of the new silver vein has been extended over 15 feet and is being continued in high-grade ore.

of rebuilding the mill capacity will be increased so that when the company begins treating its ores the tonnage will be more than double what was treated in the old plant.

**BROKERS' EXCURSION DUE
HERE SATURDAY MORNING**

Private dispatches received here today stated that a special excursion of brokers from San Francisco would arrive here Saturday morning so as to take advantage of the holiday at the week end to see the wonders of the Tonopah Gold Mountain country.

YOUNGEST SON OF KAISER JAILED

Oh, Boy! did you get a peep at the brokers' blackboards this afternoon, were you one of the fringe that could not break into any of the offices and just stood around like the sledge on your last year's rousers? Well, it was some market, the kind of a market that reminded oldtimers of what they went through before when fortunes were made overnight and big stakes were popped off every hour of the working day. Just think of Gold Zone jumping from 19 to 29 with 30 bid on the curb after the close of the day and buying orders so numerous that the stock could not be handed out fast enough to satisfy bidders. The big leader of the market, Tonopah Divide, fell just a nose short of reaching the even five plunks, selling at \$4.75. Brounger Divide was in demand at 75, Dividend at 25, Divide Extension at 19 and Haasbronck
